

ALIBI™

High Definition Surveillance

1.3 MEGAPIXEL 720P HD-TVI MOTORIZED VARIFOCAL OUTDOOR LICENSE PLATE RECOGNITION SECURITY CAMERA

Capture distinct color license plate images at any time of day or night

- + 1.3 Megapixel 720p high definition license plate recognition camera captures detailed vehicle license plate images
- + Quick installation and easy adjustment with 6-22mm motorized zoom lens
- + 6 white light LEDs produce color images up to 131ft
- + Low-light rating of 0.001 delivers usable images no matter the time of day
- + Supports both HD-TVI and CVBS (Analog) output.
- + HD-TVI technology delivers zero latency HD video over RG59 coax or any standard analog CCTV cabling up to 1600'
- + Up the Coax (UTC) technology enables you to control the camera's motorized zoom lens or onscreen display (OSD) from your web browser, digital video recorder interface such as the Alibi Central Management System or smart phone app
- + IP66 weather-rated enclosure with a temperature rating of -40° to 140°F ensures camera operates without disruption in extreme weather conditions

What's Included:

- + Mounting template
- + Quick start guide

720P HD-TVI

FEATURES

HD-TVI Technology - High-definition video over coax. HD-TVI sends zero latency 720p or 1080p full HD video over RG59 coax cabling. HD-TVI cameras and DVRs offer the advantages of HD resolution video, but are as easy to install as standard analog CCTV equipment. HD-TVI enables longer cable runs for long distance installations, with transmission distances of up to 1600' over RG59 coax cables.

True Day/Night (ICR) - Capture clear images day and night. Our day/night cameras with true day/night (ICR) deliver a sharp image in low light and nighttime conditions. An IR cut filter blocks out infrared light to produce true-to-life color images during the daytime. In low light conditions and at night, the filter is removed, letting infrared light pass through to provide crisp, well-defined black and white images.

Varifocal Lens - Easily adjust the field of view. Varifocal lenses offer greater flexibility for surveillance applications, with the ability to easily adjust the camera's field of view on-site to get the best picture. Varifocal lens cameras are also more forgiving when it comes to camera placement and lens selection, simplifying installation.

Weather-resistant Cameras - Provide Year-round Protection. Our outdoor weather-resistant cameras feature at least an IP66 weather rating. The IP (ingress protection) rating is a standard rating of protection offered by a camera's enclosure. Our outdoor cameras are built to keep out small particles such as dust, and are unaffected by a range of weather conditions including heavy rain and snow.

ALIBI HD-TVI BULLET CAMERA

1.0 Megapixel 720p HD-TVI Outdoor Bullet Security Camera

SPECIFICATIONS

IMAGING SPECIFICATIONS

Camera Resolution	720P
Color	Only Color
Digital Noise Reduction (DNR)	3D-DNR
Zoom: Digital	OSD
Dynamic Range (dB)	62
Electronic Shutter (sec)	1/100-1/50,000
Effective Pixels (K)	1305 x 977
IR Array Range (ft)	White Light LED 130'
Lux (Color)	0.001
Max Analog IPS (NTSC)	30
Megapixel	1.3
OSD	Yes

LENS SPECIFICATIONS

Focus	Motorized Zoom & Focus
Lens Included	6-22mm
Lens Iris	Auto

CONNECTORS

Video Out	HD-TVI & CVBS BNC
-----------	-------------------

POWER REQUIREMENTS

Power Consumption (watts/mA)	5Watts
Power Supply Included	No
Volts DC Input	12vdc

PHYSICAL CHARACTERISTICS

Dimensions (in)	5.28" x 4.57" x 11.54"
Mounting Bracket Included	No
Relative Humidity	Humidity 90% or less (non-condensing)
Operating Temperature (F)	-40 °F - 140 °F (-40°C - 60°C)
Product Color	White
Ingress Protection Rating	IP66
Weight (lb)	.8
Shipping Weight	1.2

OPTIONAL ACCESSORIES

Wall Mount Bracket
